

Residency Programs: Compete for 2024 NYACP Dr's Dilemma State Title

Virtual Preliminary Round: June 5, 2024 / 5:00 pm

Residency programs are gearing up for this popular event! Is your team ready to vie for the state title? This year, Dr's Dilemma is expanding the excitement into two sessions. The preliminary rounds of the Dr's Dilemma Competition will be held virtually on Wednesday, June 5th from 5-7 pm. The advancing teams will face off in the final round on Saturday, October 26th, at the NYACP Scientific Meeting in Tarrytown, NY. The overall Dr's Dilemma champion will represent NY at the ACP National Competition in 2025!

As an added twist, each Program Director, or a faculty member, is asked to submit 5 questions for the preliminary rounds. It is emphasized not to delegate this task to residents to maintain fairness among teams. Submit the questions and answers by April 1st by using the registration link provided below.

To Compete:

- Register by April 1, 2024.
- All team members must be ACP Members.
- Submit 5 questions in one category (on registration form).
