Looking Ahead:
- Citizens shouldn't have to choose between health and voting rights
  - Executive Order was issued allowing all New Yorkers to vote absentee
  - Today, an Executive Order will be issued ensuring every New Yorker automatically receives a postage-paid application to receive a ballot
- More testing, watch the spread of the virus, social distancing
- We will reopen and rebuild better and smarter
  - Healthcare, transportation, telemedicine, education technology

Q&A

Testing & Treatment:
- In response to UV treatments for COVID-19, Dr. Zucker suggested that caution be exercised where chemicals are involved.
- Have been discussing supply chain issues with White House to increase testing.
- Governor reiterated desire to reach testing capacity of 40K a day
  - "You could never do enough testing."
- Malatras stated that as antibody results become available they will be reported
- Dr. Zucker reiterated the comprehensive plan for screening and evaluating staff members in nursing homes.
- If counties would like to know anti-body test results, that information can be made available according to Dr. Zucker.

Elections:
- Governor stated that people can go to the polls or vote absentee, what kind of options could there possibly be? If people don't vote absentee, you risk large gatherings at the poll.
- Absentee applications will be sent, not ballots according to DeRosa as the temporary illness provision was amended to risk of contraction. Every registered
voter will automatically receive one as opposed to filing for one to streamline the process.

RENTERS:
- Are viewing a number of options to deal with rent and mortgage payments when moratorium ends.
- Rent is controlled by the rent board in NYC, decision is really up to them

Funding:
- We need funding for firefighters and police officers in addition to small businesses.
- "Mitch McConnell is a taker not a giver."
  - Pass the bill allowing states to declare bankruptcy and watch the stock market respond.

Reopening:
- We are not on the list of states that have submitted a reopening plan.
- CDC guidance states that before any state reopens we need two weeks of a flat or declining curve.
- Will make a decision regarding 'PAUSE' order in the next week.
