

## HHS Provides Learning Opportunity around Telemedicine

The U.S. Department of Health and Human Services has created [Telemedicine Hack](#), a multi-week learning community to accelerate telemedicine implementation by ambulatory providers, with the goal of supporting wide adoption of telemedicine. The peer-to-peer learning community, taking place every Wednesday through Sept 23, 2020 from 12:00-1:00pm ET is comprised of:

- Remote learning sessions on key topics (e.g., workflows, documentation, and reimbursement) highlighting best practices and case studies from the field
- Virtual “office hour” discussion panels with case presenters, government agencies, topical experts, and stakeholder associations responding to your questions
- Inter-session peer-to-peer learning facilitated via virtual discussion boards and ad hoc interest groups

ACP is an official sponsor of the Telemedicine Hack. For more information, [click here](#)

CME credits are available for attending, at no cost to participants.

*Part III of the NYACP Well Being Task Force and Early Career Physician Committee COVID-19 Series*

**Building Sustained Strength for Physicians from the COVID-19 Pandemic:  
Taking our Well Being to the Next Level by Building Personal Resilience**  
Wednesday, September 9, 2020  
6:00 - 7:00 pm

[Register Here](#)

The NYACP's Well-Being and Early Career Physician Task Forces joined together to deliver a series of programs over the past few months to help members navigate personal and professional experiences and challenges stemming from the COVID-19 pandemic in New York. Part I of the series was a Well-Being Webinar presented by a nationally recognized expert and, Part II was a series of virtual breakout room conversations with members sharing stories about the pandemic in New York. We are very pleased to now offer Part III, an evening of insights and strategies for what individual physicians can do to build their personal resilience quotient for sustained development during COVID-19 and beyond.

Please join us on Wednesday, September 9<sup>th</sup> at 6:00 pm for a discussion hosted by [Joseph Weiner, MD, PhD](#), an Associate Professor of Clinical Psychiatry and Medicine at Hofstra Northwell School of Medicine. Dr. Weiner has extensive experience counseling physicians and will share his insights with us. NYACP collected stories, narratives and personal vignettes from members and has shared them with Dr. Weiner. During this presentation, attendees will learn how to channel their experiences for personal and professional

growth and at the conclusion of this program, participants will be able to articulate a response to the following questions:

1. What am I learning about life and myself?
2. From what I am learning, how can I grow?
3. How can I help other people?
4. What meaning can I consciously construct?

All NYACP members (academic, clinical and administrative, physicians, medical students, residents, etc.) are welcome to participate.

## ACP and DynaMed® Free ACP Member Access Extended to 2023

DynaMed, a valuable benefit of ACP membership, is a leading evidence-based decision-support tool for use at the point of care. ACP continues to work closely with DynaMed editors to help make DynaMed the best comprehensive clinical content resource for internists. As of August 2020, ACP has peer-reviewed the Overview and Recommendations section of over 300 of the most highly used internal medicine topics by ACP members.

DynaMed also includes many features to ensure the best possible user experience, including:

### Ease of Access

Use your ACP login credentials to quickly access DynaMed on your desktop or through the free mobile app.

### Comprehensive Content, Guidance You Can Trust

Rigorous, evidence-based methodology for content development; robust systematic literature surveillance with frequent updates; and clinical expertise that both complements and clarifies the evidence, thereby providing guidance you can trust.

### Personalized Experience

Follow clinical topics relevant to your interests by setting up customized alerts.

### Earn CME/MOC

CME and MOC are automatically tracked within your account as you use DynaMed.

Access DynaMed today at [acponline.org/dynamed](http://acponline.org/dynamed).

## **NYS Pain Course Renewal Extended Until October 1, 2020 - Don't Delay and Take the Course Today!**

An updated NYACP/BU 3-hour **online** pain course is available to all NYS licensed prescribers, and it fulfills NY mandated training in pain management, palliative care and addiction as required by NY Public Health Law Section 3309-A.

The 2-hour BU *Scope of Pain* course is free, and the 1-hour NY-Module ("*Managing Pain and Opioid Use: An Educational Program on Compliance with New York State Prescribing Laws*") is \$20. The NYACP fee mitigation policy for ACP resident members remains in place, as previously circulated to all internal medicine program directors. **3 AMA PRA Category 1 Credit(s)<sup>™</sup> / 3 ABIM MOC Points**

Detailed information is contained on NYACP's [website](#), or you can [begin the course](#) now. If you have any

questions or need technical assistance, please email [info@nyacp.org](mailto:info@nyacp.org).
