The journey to become a *Master Clinician* cannot be stopped by a pandemic. The 15th Annual Mid-Atlantic Hospital Medicine Symposium features concise sessions on essential topics in the care of hospitalized patients to help all attendees develop their expertise. Sessions include a panel discussion of the care of patients with COVID, and lectures on AKI, Acute Pain Management, Essentials of Peri-Operative Medicine, the Care of the Decompensating Patient, and more.

Our conference is designed to deliver outstanding value to busy clinicians. Our speakers are world renowned experts, and often featured in print, online, and televised media. We hope you can attend to hear these experts provide cutting edge updates on COVID vaccines, fecal transplant, and many more important topics.

HIGHLIGHTS INCLUDE:

- A COVID panel featuring national leaders in vaccine development, clinical management, and long-term sequelae
- Keynote address by SHM President Danielle Scheurer offering a “State of the Union” for hospital medicine
- Develop expertise in advanced oxygen, including when and how to use Hi-Flo NC and Bi-Pap
- Enhance your critical care skills with an interactive case-based approach to the decompensating patient
