NYACP leadership requests your input on the proposed resolutions to be acted on at the ACP Board of Governors (BOG) Fall meeting in October. The topics include developing policy to support hospital-at-home care models, extending efforts to improve the preauthorization process, and creating fertility/family planning resources for ACP members.

Why provide input?

By providing feedback on the Board of Governors resolutions, members help to shape College policy.

Your feedback is important and may be used as part of the NY Chapter's testimony at the meeting.

How do I provide input?

1. Review the resolutions, considering the intent and fit with the College’s Mission and Goals.
2. Provide feedback and indicate support or opposition by completing this electronic form by August 30th.

What is a resolution?

A resolution is a proposal that asks the ACP or the NY Chapter ACP to take a position and/or action. It consists of at least one directive ("Resolved clause") accompanied by supporting statements ("Whereas clauses"). Visit the resolutions section of the NYACP website to learn how to develop and submit a resolution.
